Steve:

I really need an update on progress. I have asked and still have yet to receive a response. As you know, failure to provide updates is a violation of the Administrative Order on Consent and put you guys in a position of default and EPA takeover of the remainder of the project. I am frustrated that you guys do not provide updates as requested. If I do not hear from you guys by next Tuesday, I will begin the process of getting you found in default.

Steve

I am looking for an update on progress and planned schedule of activities related to the cleanup.

Thanks
Gary Moore
